

## OUR PLACE : MK

Year 6 spent last Wednesday in Central Milton Keynes taking part in a heritage and sports day. This project came out of the celebrations for MK's 40<sup>th</sup> birthday last year as the organisers felt that they would like to continue celebrating MK's heritage and sports links.

The children started their day at CMK Library where they had to identify various landmarks around Milton Keynes. After that they walked up to Middleton Hall where they completed a quiz trail and had a look at some of the stalls - Brandon tried on an American football jersey complete with padded shoulders and looked quite the part! A talk and an interactive play about The Romans in Britain followed this after which the children went to the Discover MK shop and watched an interesting DVD about football in Milton Keynes.

Lunch was next on the agenda and a chance to have another look at the exhibitors and to collect some autographs.

The afternoon was spent taking part in some taster sessions of football, rugby, basketball and korfeball. It was a very energetic 2 hours and the children were exhausted at the end of it.

The day was thoroughly enjoyable and all the children in Year 6 must be commended for their behaviour which was outstanding.
